The Algorithm of Luxury.

Arian Lori-Amini is a self-taught sculptor and modern pop artist whose work blends bold visual storytelling with the immersive power of technology, fashion, and music. Under the creative identity **HYPNOTIQ MODERN ART**, Arian transforms iconic symbols and commercial elements into striking, high-gloss sculptures and mixed media pieces that pulse with cultural energy.

Alongside a thriving art career, Arian is a seasoned Technical Program Manager who contributed to the launches of **Xbox One**, **Windows 10**, **Office**, and the **Surface Tablet** at Microsoft, and currently drives aerospace programs at Boeing. This deep tech background fuels the ability to merge artistic expression with futuristic mediums — resulting in interactive, illuminated, and culturally charged pop art installations.

Over seven years, Arian has exhibited nationally and internationally: **Art Basel Miami**, **New York Fashion Week**, **Miami Swim Week**, and galleries across Manhattan, San Francisco, the Hamptons, and Ecuador.

*"I treat every sculpture with the discipline of a software launch.
The result is technically flawless and visually electric."*

— Arian aka HYPNOTIQ

The Collection

LOVE SCULPTURE SERIES

Chanel · Louis Vuitton · YSL · Gucci — Crystal resin finish, limited edition

HYPNOTIC POP ICON

Bugs Bunny reimagined as a luxury street icon — Nike puffer, chrome Jordan sneakers, standing atop a neon-cracked basketball. Crystal resin sealed. LED base. Limited edition.

LOVE SCULPTURE SERIES

Bubble typography LOVE forms rising from sculpted luxury shopping bags — Chanel, LV, YSL, Gucci. High-gloss crystal resin. Collector editions.

SEE THROUGH VENUS

Translucent resin reinterpretation of classical form. Internal LED illumination. Cyan crystal finish. A masterwork of engineering and beauty.

EVERY ACQUISITION INCLUDES

- Certificate of authenticity & full provenance documentation
- Specialist art crating & insured global shipping coordination
- Direct artist contact for installation guidance
- Right of first refusal on future limited editions

Engineered to Perfection.

01 DIGITAL CONCEPTION

Each piece begins as a digital sculpture — architecturally planned, with full 3D structural engineering before any physical element is touched.

02 PRECISION FABRICATION

High-resolution resin 3D printing, multi-color filament printing, commercial CO2 laser cutting and engraving. Every form built to exact specification.

03 CRYSTAL RESIN FINISH

The HYPNOTIQ signature: ultra-clear, food-safe crystal resin hand-applied to achieve a flawless glass-like gloss. Not paint. Not lacquer. Glass.

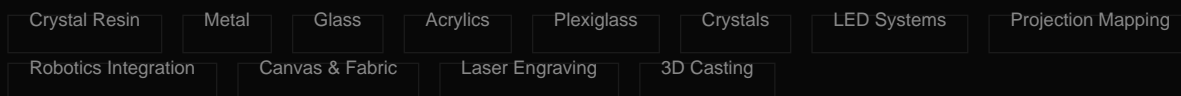

04 IMMERSIVE INTEGRATION

Select pieces feature precision LED lighting, projection mapping, and robotics integration — art that responds, glows, and interacts with its space.

05 HAND ASSEMBLY

Final assembly is entirely by hand. Crystal embellishments and surface elements placed individually — a process that can take days per piece.

MEDIUMS & MATERIALS

Your Vision. Engineered.

The majority of HYPNOTIQ's most celebrated works began as a conversation. A commission is not a reproduction — it is a one-of-a-kind creation, built entirely around your space, your vision, and your story. Every commission client receives direct access to the artist throughout the entire process.

I

INITIAL INQUIRY

Share your vision — the space, the feeling, the story you want the piece to tell. No brief is too ambitious.

II

CONCEPT & PROPOSAL

Within 48 hours, receive a tailored concept and transparent quote. Scale, medium, lighting integration, and materiality are all defined at this stage.

III

PRECISION FABRICATION

Your piece enters the studio. Digital architecture, structural engineering, fabrication, and hand-finishing executed to exact specification.

IV

WHITE-GLOVE DELIVERY

Specialist art crating, insured global shipping, and full installation support. Your piece arrives ready to own its space.

COMMISSION SCOPE

- Residential Installations
- Corporate Lobby Art
- Hospitality & Hotel Spaces
- Commercial Environments
- Event Activations & Pop-Ups
- Gallery Commissions
